Wally,

We typically give the State 30 calendar days to review FYR reports. I would keep the April 24th SRT meeting on the schedule especially since the SRT is only available one day per month and considering the statutory due date is May 11th.

If you got it on (worst case scenerio) March 28th or 31st, you should have your review done by April 30th. This should give me a couple of days to incorporate your comments and get it signed before the statutory due date of May 11th. There is absolutely no flexibility in changing this date. I'm not sure what happens if we don't get State's comments in time. Shari

Hi Shari,

I had scheduled an SRT meeting for April 24th assuming you will be sending the DRAFT FYR at the end of this week as you said you would. I am going to have to cancel the meeting because there is no way we can review it and present it to the SRT in such a short time. Besides I am going to be out of the office the first week of April. I will try and see if I can set up an SRT meeting the first or second week of May. Will get back to you soon.

Have a great weekend.

Wally
